

Immunization CE Resource from the CDC

Immunizing pharmacists in the state of Idaho must obtain 1 hour of CE related to vaccines annually. There is an excellent **free** resource available from the CDC at:

The page looks like this:

Type “immunization” in the keyword search field and press “View” for a list of topics.

Pressing “view” will lead you to web casts and home study-type programs. The “You Call the Shots” home study modules are particularly good. All are ACPE accredited, even though that is not obvious at the start. Upon successful completion, you can download and print a CE certificate for your records.
