Elective Rotations

- Board of Pharmacy
- Compounding
- Consulting
- DUR
- Pharmacy Management
- Research
Responsibility of Preceptors

Orientation to the rotation

- Required objectives, activities and expectations
- Starting and ending times
- Policies and procedures
- HIPPA compliance
- Introduction to appropriate health care professionals and staff
- Tour of the facilities
Responsibilities of Preceptors Continued

- Assign students to responsibilities consistent with the rotation objectives

- Provide supervision of student’s activities and monitor achievement of required tasks to assess related student competencies

- Supervise all written and verbal recommendations made by the student

- Never assume a student’s competency but determine it by reviewing their work, productivity and experience
Responsibilities of Preceptors

Continued

- Provide the student with mid-point evaluation during the 3\textsuperscript{rd} week
  - Specific recommendations for improvement if needed
  - Any failing mid-point evaluation should be reported to the Experiential Director

- Complete evaluation of student performance

- Communicate with Experiential Director regarding any significant irregularities in student behavior
  - Irregular attendance
  - Unprofessional appearance
  - Violation of facility policies
  - Unprofessional behavior or inappropriate communication with health professionals, patients, customers or staff
Responsibility of Students

- Contact preceptors, 2 weeks in advance, to coordinate first day arrival plans

- Maintain a high standard of professional behavior
  - Appropriate attire and appearance for the professional setting
  - Effective verbal and written communications
  - Compliance with all policies and procedures
  - Consistent and punctual attendance
  - Use of cell phones or other electrical devices is prohibited except with the express permission of the preceptor
Responsibility of Students Continued

- Since the primary objective of the rotation is learning, the student needs to be proactive and not passive
  - This requires active participation and communication

- Maintain patient confidentiality in compliance with HIPPA regulations
  - All information concerning patient/customers and patient care is to remain confidential

- Actively participate in the professional and technical functions of the site relative to the rotation objectives
Responsibility of Students Continued

- Develop and revise professional and personal goals for each rotation according to the objectives of the particular clerkship
  - Professional and personal goals should be within scope of the present rotation

- Satisfy the rotation attendance requirements (240 hrs) within the rotation time period

- Complete rotation and preceptor evaluation forms

- The students rotation schedule is at the discretion of the preceptor
  - This may involve nights, weekends, holidays, etc.
Responsibility of Students Continued

- Students must conduct themselves in a professional manner at all times
  - Unprofessional actions could cause removal from the rotation site and failure of the rotation
