

Idaho State UNIVERSITY

College of Pharmacy

Mission, Goals and Objectives

Mission

To develop competent and caring pharmacists who advance healthcare and positively impact the profession through innovative education, service, patient-centered care, scientific discovery and development.

Goals

To be a preeminent college of pharmacy distinguished by leadership and collaboration in interprofessional education, service, and scholarship.

Objectives

In addition to upholding the values of Idaho State University's Division of Health Sciences, the college of Pharmacy embraces the following core objectives:

- Foster Professional Growth
- Cultivate Intellectual Curiosity
- Ensure Personal Accountability
- Advocate Patient Health
- Instill Trust and Open Communication
- Encourage Community Engagement
